

Sales Companion: The Integrated Growth Engine

Bridging Sales Execution, Cash
Flow, and AI-Driven Strategy.

A Unified Architecture That Spans from Lead to Payment

The Foundation (Workflow)

Lifecycle management:
Lead → Opportunity → Quote
→ Order → Invoice → Payment.

Includes Credit sales &
credit limit management.

Tracks partial payments &
overdue status.

Sales activities tracking
(calls, visits, proof of visit).

The Intelligence Layer (Analytics)

AI demand forecasting.

Sales velocity & win-rate
analysis.

Rep performance trends.

Client-wise payment risk
prediction.

Automation (The Safety Net)

Rule-based + AI-based
alerts.

Escalation matrix:
Sales → Manager →
Finance.

SLA-driven reminders for
follow-ups.

The Differentiator: An AI Engine That Turns History into Action

Turning historical data into daily actionable directives.

Ecosystem Value Delivered Across Five Organizational Levels

Level 1: Empowering the Frontline with Intelligent Action

Goal: Close deals + collect payments + hit weekly targets.

Intelligent Action

-  **Priority Score:** Leads ranked by AI.
-  **Next-best-action:** Automated suggestions for the next step.
-  **The Rota:** Weekly targets assigned by day with route optimization.

Credit & Risk Visibility

- **Pre-Order Check:** View client credit limit and available credit before creating an order.
- **Outstanding Tracker:** Client-wise overdue amounts and aging buckets (0-30, 31-60).

The Follow-Up Manager

- **Auto-generated** reminders for New Leads and Overdue Payments.
- Integrated WhatsApp/Call triggers.

Next Best Action

Call Client X to finalize deal.
Estimated Value: **\$2,500**

Call Now

Credit Limit

Used: \$15,000 (75%)

75%

Available: \$5,000 | Total: \$20,000

Level 2: Tactical Leadership and Team Accountability

Goal: Ensure team hits weekly numbers.

Team Pipeline View

Visualization of deal stages per rep.

Weekly Target Split

Auto-suggested targets per rep with manual override.

Rota Approval

Ability to approve or adjust AI-proposed visit schedules.

Dashboard Preview

Team Target vs. Achievement

Overdue Risk

Outstanding Accountability

Overdue payments mapped to reps to ensure ownership.

Performance Coaching

AI insights highlighting 'Who needs help & why'.

Level 3: Strategic Leadership: Sales Managers & Regional Heads

Goal: Forecast accuracy, revenue predictability, and regional growth.

Precision Forecasting

Revenue Forecasting:

Categorized by Commit / Best-case / Worst-case.

Target Planning:

Weekly/monthly planning with AI-backed volume/value splits.

Deal Slippage Analysis:

Identifying deals pushing into the next period.

Risk & Policy

Credit Exposure:

Monitoring exposure by region and client.

Client Concentration:

Alerts for over-dependence on specific accounts.

Credit Policy Enforcement:

Region-level credit caps.

Expansion

- **Market Insights:**

Identifying untapped territories and strategic target allocation.

Level 4: The Financial Guardrails: Finance Team & Head

Goal: Cash collection, reduced overdue, and credit risk management.

Operational Features

A. Outstanding Ledger

Invoice-level tracking.

B. Workflow

Automated reminders to clients and escalations to sales.

C. Dispute Tracking

Centralized log of invoice disputes.

Strategic Features

Credit Policy Management

Setting approval rules and credit limits.

Cash Flow Forecast

Predictive views on inflow.

DSO Optimization

Insights to reduce Days Sales Outstanding.

Bad Debt Prediction

AI-driven risk assessment.

Alignment: A shared 'Sales–Finance Alignment View' to prevent silos.

Operational Workflow: Credit Sales & Alerts

Consistency and Automation for Reduced Risk

Level 5: The Executive Suite Control Tower

COO (Execution)

Sales Execution Health & Bottlenecks

⚠️ 85% Health, 15% Bottlenecks
